HUIZENGA-WHITEHEAD SALON SERIES

In an age where divisiveness and intolerance seem the norm, our Salon Series aspires to bridge the growing divides through candid, respectful conversations and inspirational stories.

WHAT IS A PATHNORTH SALON?

Salons were born of the French literary and philosophical traditions of the 17th and 18th centuries. Like-minded leaders would gather around tables, enjoy good food and wine and explore issues of consequence in spirited conversation. The table was inviting to thoughtful leaders of goodwill even though their politics and opinions often diverged. This is the magic that fuels each of our Salon evenings, intimate gatherings that bring together leaders from the worlds of business, finance, diplomacy, government, media and the arts.

WHAT IS PATHNORTH?

PathNorth, a 501(c)(3), was founded and shaped by concerned leaders who believed that they, and many of their peers, had become increasingly isolated and could personally and professionally benefit from rethinking their notions of success. Through the exploration of new perspectives and the discovery of deeper meaning and purpose, PathNorth aims to inspire leaders to be better versions of themselves, believing this will contribute to a better society and culture, one that is more inclusive and caring.
